CURRENT INFORMATION REGARDING THE COMPANY

The following is a description of the current operations of the Company.

ABOUT THE COMPANY

Presently, we are an internet based marketing company which produces and hosts corporate videos. Currently our main service is videotaping corporate interviews or events and making the presentations available on the worldwide web via our website www.corporateroadshow.com. Our website serves as a distribution center for companies seeking to showcase their products and market their goods and services to the investment community and general public at large. We have the capabilities to produce high quality but reasonably priced custom-made "live" and "on demand" video and audio productions as we contract a local studio to perform the original video production work and that any interviews that we produce are filmed by an independent video crew that we retain.

Our fees are scaled depending on the extent of services rendered by us. Fees can vary depending on different needs the client might have for video production. Although we have yet to produce a video with a celebrity interviewer, a client may desire such. In that event, we would anticipate having to charge more based on the hiring of the actor. We also charge extra for traveling out of state or to different locations. In determining our fees for hosting several factors are: the length of the production; number of mega bytes it converts into; the level of streaming (56K,DSL,T-1); and the term of the hosting agreement. Our ISP charges us a monthly fee of \$1.00 per mega byte per month. Thus, if a 15minute production translates into 60MB, our hosting cost would be \$60 for that month for that video. We have to incorporate these charges in our fees as well.

Our content can vary depending on the company. Our content in our past, whether it be an interview or presentation has been limited to corporate executives discussing their company and its respective services. In all of our productions we put a general disclaimer on the front page of our website which discloses the number of shares of our clients we have been paid for our services. Only companies that have not paid us for our services are not found in the disclaimer. Regarding our disclaimer, we now have a click thru button to make sure visitors have acknowledged reading the disclaimer before viewing the videos. This same disclaimer is also annexed to the video files.

In addition to the continued development of our core internet business, we are now poised to begin the second phase of our corporate growth: television production. We believe that by producing a weekly half-hour "investment format" program featuring small to mid-sized companies, we can offer a value added service previously unavailable to that targeted capital market. Initially, we intend to televise such a program in the New York metropolitan region.

HOW WE ARE ORGANIZED

We were incorporated pursuant to the laws of the State of New York on November 1, 1999 under the name Corporate Road Show.Com Inc. On July 1, 2000 we launched our website on the Internet and began a limited marketing campaign for our Internet based presentations.

We are authorized to issue one class of capital stock, which is common

stock. Our total authorized common stock is 20,000,000 shares, \$0.0001 par value and we currently have 5,795,600 common shares outstanding. MARKET FOR COMMON EQUITY AND OTHER STOCKHOLDER MATTERS

The Company has filed a Form 15c2-11 to apply for listing on the OTC-BB. However, at present our common stock is not listed on any exchange.

RECOMMENDATION OF THE BOARD OF DIRECTORS

As the Company is in the process of applying for listing on the OTC-BB, the Board of Directors of the Company (the "Board") believes that the stockholders of the Company will benefit from the availability of additional shares which will create a more liquid public market for its common stock once it is listed on the OTC-BB. In order to facilitate such transaction, the Board has determined that the capitalization structure of the Company should be increased.

Accordingly, it was the Board's opinion that the restructuring transactions described above would better position the Company to attract potential business candidates and provide the stockholders of the Company with the greatest potential return. The Board approved the above actions on August 20, 2004 and stockholders holding a voting majority of the outstanding voting capital stock of the Company approved the above actions on August 20, 2004.

ACTIONS TO BE TAKEN

This Information Statement contains a brief summary of the material aspects of the actions approved by the Board and the holders of the majority of the outstanding voting capital stock of the Company.

INCREASE OF THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK AND SUBSEQUENTLY EFFECT A 50-FOR-1 FORWARD STOCK SPLIT OF ISSUED AND OUTSTANDING SHARES OF OUR COMMON STOCK

GENERAL

Our Board unanimously the increase of our authorized common shares from 20,000,000 to 500,000,000 and the subsequent forward 50-for-1 forward split on August 20, 2004. On that same day the Company thereafter received the consent of the majority of the outstanding shares of our common stock. The Company will, when permissible following the expiration of the twenty (20) day period mandated by Rule 14c and the New York Business Corporation Law, file an amendment to our Certificate of Incorporation increasing the authorized shares of the Company. This amendment will not be filed until after a date which is at least twenty (20) days after the filing and mailing of this Definitive Information Statement. Immediately thereafter, the Company will effect the forward split.

5

INCREASE OF AUTHORIZED

The increase of our authorized common stock will not have any immediate effect on the rights of existing stockholders. However, our Board will have the authority to issue authorized common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law or exchange regulations. To the extent that additional authorized shares are issued in the future, they will decrease the existing stockholders' percentage equity ownership and, depending upon the price at which they are issued, could be dilutive to the existing stockholders.

The increase in the authorized number of shares of our common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could be issued (within the limits imposed by applicable law) in one or more transactions. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The proposed Articles of Amendment to the Certificate of Incorporation, attached hereto as Appendix A, will become effective when they are filed with

the New York Secretary of State. We anticipate that such filing will occur twenty (20) days after this Definitive Information Statement is first mailed to shareholders.

The entire cost of furnishing this Information Statement will be borne by our company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of our common stock held of record by them.

Our board of directors have fixed the close of business on August 19, 2004 as the record date for the determination of shareholders who are entitled to receive this Information Statement. There were 5,795,600 shares of common stock issued and outstanding on that date. We anticipate that this Information Statement will be mailed on or about August 30, 2004 to all shareholders of record as of the Record Date.

FORWARD SPLIT OF 50-FOR-1

The principal effect of the forward split will be that the number of shares of Common Stock issued and outstanding will be increased from 5,795,600 as of August 19, 2004 to 289,780,000 shares on September 22, 2004.

The forward split will not affect the par value of our Common Stock. As a result, on the effective date of the forward split, the stated capital on our balance sheet attributable to our Common Stock will be the same as its present amount, and the additional paid-in capital account shall be the same amount. The per share net income or loss and net book value of our Common Stock will be decreased because there will be more shares of our Common Stock outstanding.

6

The forward split will not change the proportionate equity interests of our stockholders, nor will the respective voting rights and other rights of stockholders be altered. The Common Stock issued pursuant to the forward split will remain fully paid and non-assessable. The forward split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Securities Exchange Act of 1934. We will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934.

Furthermore, the possibility exists that potential liquidity in the market price of our Common Stock could be adversely affected by the increased number of shares that would be outstanding after the forward split.

PROCEDURE FOR EXCHANGE OF STOCK CERTIFICATES

There is no procedure for exchange of stock certificates. Our transfer agent, Olde Monmouth Stock Transfer, will be apprised of the forward split and will update its records accordingly. The forward split will become effective on or about September 21, 2004, which we will refer to as the "effective date." Beginning on the effective date, each certificate representing pre-forward split shares will be deemed for all corporate purposes to evidence ownership of post-forward split shares.

Our stockholders are not entitled to appraisal rights under the New York Business Corporation Law in connection with the forward split.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES TO OUR TRANSFER AGENT. PLEASE NOTE THAT THIS IS NOT A REQUEST FOR YOUR VOTE OR A PROXY STATEMENT, BUT RATHER AN INFORMATION STATEMENT DESIGNED TO INFORM YOU OF THE AMENDMENTS TO OUR ARTICLES OF INCORPORATION.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

PLEASE NOTE THAT THIS IS NOT AN OFFER TO PURCHASE YOUR SHARES.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 722 of the New York Business Corporation Law enables a corporation in its original certificate of incorporation or an amendment to eliminate or limit the personal liability of a director to a corporation or its stockholders for violations of the director's fiduciary duty, except:

- o for any breach of a director's duty of loyalty to the corporation or its stockholders;
- o for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- o pursuant to Section 722 (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions); or
- o for any transaction from which a director derived an improper personal benefit.

Our certificate of incorporation provides in effect for the elimination of the liability of directors to the extent permitted by the New York Business Corporation Law.

Section 722 of the New York Business Corporation Law provides, in summary, that directors and officers of New York corporations are entitled, under certain circumstances, to be indemnified against all expenses and liabilities (including attorney's fees) incurred by them as a result of suits brought against them in their capacity as a director or officer, if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful; provided, that no indemnification may be made against expenses in respect of any claim, issue or matter as to which they shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the

adjudication of liability but in view of all the circumstances of the case, they are fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper. Any such indemnification may be made by the corporation only as authorized in each specific case upon a determination by the stockholders or disinterested directors that indemnification is proper because the indemnitee has met the applicable standard of conduct. Our bylaws entitle our officers and directors to indemnification to the fullest extent permitted by the New York Business Corporation Law.

10

We have agreed to indemnify each of our directors and certain officers against certain liabilities, including liabilities under the Securities Act of 1933. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the provisions described above, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
